

AMENDMENTS TO THE TITLE:

In the patent under reissue, please cancel the original title, and substitute the following new title:

MANUAL ADJACENCIES ALTERNATE ROUTING

AMENDMENTS TO THE SPECIFICATION:

In the patent under reissue, in col. 1, please amend the last paragraph, as follows:

The IS-IS routeing protocol has two routeing levels, Level-1 and Level-2. See FIG. 2 (from ISO 10589) see figure 2 from the ISO 10589 document referenced below for the use of these levels and the general environment of this protocol.
